

How to best label your Show for the menu and headings.

In Admin>Concert Details there is a heading name and a heading title (**Name and a Heading**)
The **Name** is best kept short and sweet and it will appear in the left menu, but the **Heading** can be longer and hold some more detail. i.e:

Name: Les Misérables

Heading: Les Misérables – Romantic Musical

IMPORTANT: Please set a unique 'Date ID' before setting prices (left arrow)

ID	active	Name	Heading	Description	Venue	Date	Time	Date ID
	<input checked="" type="checkbox"/>	Les Misérables	Les Misérables - Romantic M	Impeccably mounted Misérables largely su performances from i	Berry Theatre	Novem	8pm	NOV-2-i
	<input type="checkbox"/>	SHOW 2	SHOW 2	Description	Venue	Date	Time	
	<input type="checkbox"/>	SHOW 2	SHOW 2	Description	Venue	Date	Time	

This might not be entirely ideal but we have the option of expanding the menu to present a **venue, date and time** on the menu.

Admin>Shop Settings>Advanced>osConcert Settings>Expand Menu List=true

Here we can show the **Venue, Date and Time** on the second line of the '**Name**' on the left menu.

Les Misérables
Seat D2 \$5.00
[NOV-2-8pm]

2 Seats \$10.00

Berry Theatre

November 2nd 8pm

Impeccably mounted but occasionally bombastic, Les Misérables largely succeeds thanks to bravura performances from its distinguished cast.
